The purpose of this administrative modification is to (1) revise the Performance Evaluation Plan for the contract and (2) extend the period of performance for tasks YM04-01 "Office of Repository Development (ORD) Base Task" and YM04-02 "Performance Measurement and Improvement Task." Accordingly,

1) The contract language concerning "Performance Evaluations" is revised as follows:

a) Contract Clause H.37 "Payment of Base and Award Fee" is revised in its entirety as follows:

- (a) Award Fee. For award fee determination purposes, the contract shall be divided into six-month periods. The aggregate amount of all award fee pools shall be limited to the maximum award fee available as specified in Section B. Award fee denied during any period pursuant to the Performance Evaluation Plan shall not be available in subsequent periods.
- (b) Determination/Schedule of Award Fee. The government shall at the conclusion of each specified evaluation period(s) evaluate the contractor's performance for a determination of award fee earned. The determination as to the amount of award fee earned will be made by the DOE Contracting Officer's Representative (COR). Such determination concerning the amount of award fee earned is binding on both parties.
- (c) The evaluation of the Contractor's performance shall be in accordance with the Performance Evaluation Plan (Plan). The contractor will provide the DOE COR with a written semiannual self-assessment within five (5) working days after the end of the evaluation period. The Contractor's self-assessment shall provide an assessment of how well the performance expectations identified in the Plan have been executed. The Contractor shall identify major accomplishments or progress, issues, and corrective action to mitigate deficiencies. The Contractor's self assessment shall also propose and justify the amount of fee payment to be paid and include a discussion of fee reductions warranted by any failure to meet performance expectations. In the event the contractor self discloses a situation, and appropriately self-corrects the situation in a timely manner, fee reduction may be waived by the CO. The timeliness and effectiveness of the contractor's corrective action may also mitigate fee reductions for deficiencies identified by DOE or other regulatory entities.

The Contractor shall provide ten (10) copies and an electronic copy of its self-assessment of performance to DOE Contracts for distribution to DOE COR and COTR.

While it is recognized that the determination of fee will be based on an independent government assessment, consideration will be given to the Contractor's monthly reports, self-assessment, and other available information.

The COR determination of fee will be made within 45 working days of receipt of the Contractor's self-assessment or end of the evaluation period, whichever is later.

b) The attached Performance Evaluation Plan for Support Services, dated September 22, 2004, supersedes and replaces in its entirety the Section J, Attachment D "Performance Evaluation Plan for Support Services" including attachments.

2) The period of performance for tasks YM04-01 "ORD Base Task" and YM04-02 "Performance Measurement and Improvement Task" are extended as follows:

a) YM04-01 is extended as follows:

From: Oct 1, 2003 through September 30, 2004
To: Oct 1, 2003 through June 15, 2005

b) YM04-02 is extended as follows:

From: Feb 25, 2004 through September 30, 2004
