Comment Text :
-->My comment is simple, I would have to assume transport by road is the sfest way to
1... go so the only thing I would sugest is that all of the municipalities this convoy goes
through takes part in safe passage with one or two fire trucks equiped with hazardous
~~~~~~

waste spill material and also a police escort front and rear with co-op from Ill,
...1 state Police and the Feds, under this controlled situation can you create the safe transportaion that will be needed.
