EIS001119

26 January 2000

Ms. Wendy R Dixon
EIS Program Manager
Yucca Mountain Site Characterization Office
Office of Civilian Radioactive Waste Management
US Dept of Energy
PO Box 30307, M/S 010
North Las Vegas, NV 89036-0307

RECEIVED
FEB 02 2000

Dear Ms. Dixon:

1 Nuclear waste cannot be stored in Yucca Mountain – not only is there a serious threat of nuclear accident with transportation issues, the mountain is not safe. There have been reports of water seepage and the existence of an earthquake fault.

All plans for nuclear waste storage at Yucca Mountain should stop immediately.

Sincerely,

Diane Hatz
