Jane Summerson EIS Mgr.

RECEIVED

MAY 31 2001

Dear Jane;

1 We have heard the horror stories about spills in the horrendous traffic of Las Vegas. I have noticed a clear avenue of escape from this traffic.

At or near milepost CL 100 on US-95 a nearly empty stretch of land extends east and a bit south toward I-15. A road across this area would bypass Las Vegas.

Much of the waste will come from the east. CA-127 and NV-373 will bypass Las Vegas and is about empty space.

So build a bit of road and save a bunch of hassle from Las Vegas. I could also use such a road on the way to Mesquite and Utah.

2 Your schedule out here is the date of our town board meeting. Sincerely,

Warren Cady
