RECEIVED

FEB 08 2000

Feb. 3, 2000

Ms. Wendy Lipsa,

Please see to it that the proposal to transport nuclear waste by rail and highway, through the St. Louis area to an underground storage site at Yucca Mt. in Nevada, be stopped.

Human life is involved, including many children in schools. This is madness.

Sincerely

Elizabeth ARENDES

839 RAMPART DR.

St. Louis,
