Dear Ms. Dixon, EIS Manager:

I am an eighth grade student at Rosemary Clarke middle school. We have been studying
1 Nuclear Waste in our science class with our teacher, Ms. Tronnier. We recently learned that nuclear waste will be transported on I-15 to Yucca Mountain where it will be stored.

I was upset to hear this. I think that if you make the waste you should take care of it yourself instead of endangering thousands of peoples lives by trucking it across the country.

Concerned,

Danielle Boesel
