Dear Ms. Dixon, EIS Manger:

1 My name is Maricela Orozco. I'm concern about the transporting of nuclear waste across the country. I would like to know why Nevada has no Nuclear Power Plants? Does our population have anything to do with it? The states that produced it should keep it. Why do we have to store it? If we don't even have any Nuclear Power Plants.

2 If you get in a wrech and if it spills it could kill us and ruin our food and water. Our water will get contaminated if there is a spill. I don't want nuclear waste in Nevada

Sincerly
Maricela Orozco
