Dr. Jane R. Summerson
EIS Document Manager
U.S. DOE
P.O. Box 30307
N. Las Vegas, NV. 89036-0307

Dear Dr. Summerson,

1 I expressed concern about the proximity of yucca mountain to the Nellis air force bombing range at the June 5th DOE EIS meeting.

the center of the range is 30 miles from yucca mountain and a plane traveling 600 MPH is three minutes away. these planes carry bombs and missiles and my concern is for accident, terrorism or a deliberate action.

Foreign pilots are trained here during red flag exercises who may pose more risk.

Sincerely,
Frank Perna
