Dear Ms. Dixon:

As a long-time resident of Las Vegas  
(1949), I am protesting the decision  
of the DOE to place nuclear waste in  
our State...namely Yucca Mountain...  
just 95 miles from where I live.

We didn't create this monstrous product  
so why aren't you and your cohorts de-  
positing it where it was made?

We are a sovereign State and the Federal  
Government does not have the right to  
"screw Nevada" and I, along with my  
fellow Nevadans intend to protest the  
use of Yucca Mountain as a depository  
of this dangerous waste. Why should  
we be the dumping ground for somebody'  
else's junk? Keep it where you made it!  
Our health is just as important as theirs!

Very truly yours,
