Characterization Office
P.O. Box 364629
N. Las Vegas, Nv. 89036

Reference: Yucca Mountain Hazardous Waste To be stored.

We object to this type of storing, because Las Vegas is a highly populated Tourist area, and a lot of lives will be at risk in case of an accident.

Las Vegas is expanding each day and before you know it Las Vegas will be building on or near this land.

We (L.V.) are too close already for waste to be stored.

(T)

Thank you, [signature] / 3231 Coleman St.
