MS. DONEGAN: Hello. My name is Sherry Donegan.

12 I was one of the first people that moved to this valley in

13 1959. I moved away for a few years.

14 I have a sister that died of cancer. My mother
15 had cancer when she died. There's a lot of people that already
16 in this valley have cancer for the amount of population, heart
17 problems.

18 I have children here. I have grandchildren here.
19 I do not feel that this is a safe thing for our community. The
20 fault lines that lay under the mountain that lay throughout
21 this whole valley.

22 We've had earthquakes here in the valley that
23 have not been real major, but they have been major enough that
24 it makes me really wonder if this is safe, and I just want to
25 go on record as state -- stating that I don't want this to go

1 into my home.

2 I don't feel safe with my children, my
3 grandchildren for their future.

4 MS. DIXON: Thank you.
