

RECEIVED

12 MR. WILLIAM BROWN: Hi. My name is Bill Brown.

SEP 30 1999

13 I'm a property owner and resident of Pahrump. I recently

14 bought property in the northeast side of Pahrump.

15 Within the last week, I put a mobile home on it,

16 I hired a driller and a developer with the intention of moving

17 up there. I really don't want a nuclear waste railroad in my

18 back room.

19 From the maps, it appears it will be within a few

20 hundred feet of my property.

21 In the best case scenario, the value of my

22 property, the quality of my life will both be degraded. In the

23 worst case scenario -- this is assuming that I have a nuclear

24 waste spill -- they will both be extinguished. I don't want

25 either one of them.

1 Thank you.
