

EIS000435

RECEIVED

DEC 20 1999

JUSTINE EISEMAN
920 GUELBRETH LANE
ST. LOUIS, MO. 63141-5957

12/11/99

Dear Ms. Dixon:

1 [I very much oppose the Dept. of Energy's proposal to transport high-level radioactive waste across the country by train. St. Louis is a major route.

This is a prospect to kill or injure thousands and thousands of people. Why you wish to do this to your fellow citizens is beyond me, especially since the destination is in earthquake territory.

Sincerely,

Mrs. Justine Eiseman
Mrs. Justine
Eiseman
