Comment Text :

1 [--->There has not been sufficient information given to the public as tho WHY the nuclear waste needs to be transported from where it is created and curently stored. As a voter and citizen who will be affected financially and environmentally by the transport and change of storage place of this waste material, I find it impossible to support these proposed measures without due reason or evident need.]

(1)

2

Further, inadequate publicity and notification of public hearings, such as the one in Utah, implies that the DOE has something to hide from voters in this matter.
