Comment Text :

- 1 | -->Our home is across the street from the Union Pacific tracks which come throught the
2 | St.Louis area. We do not want the radioactive waste shipped through this area. In
2 | ... fact,let the people who benefitted from the energy produced from this flawed
| energy source deal with it. Let them live with it.

3 A secondary concern has to do with degraded property values should your ill conceived attempts to move the waste prevail.
Why should my property values suffer? Why should we allow it?

...2 Let it be the problem of the people who benefitted--and then stop 4
using nuclear fuel for public utilities.]
