1 I just got this document today 7/6/01 and understated time limited is up. I'm very concerned about this and wish I had more time to review the post, as this is a lot of material and I think the public should have more time as this is going to affect our lives and our families.

2 Why do we have to put up with this when we are not the ones to benefit from it?

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the U.S. Department of Energy by June 25, 2001. To the extent practicable, the Department will consider comments received after June 25.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible, then secure with tape.
