19 BETTY CORNELIUS: My name is Betty
20 Cornelius and I'm with the Colorado River Indian Tribes
21 in Arizona and I concur with all comments that were made
22 before me and I will say that Colorado River Indian
23 Tribe will probably submit a letter by October 19th,
24 2001 and will probably state their position and probably
25 recommend what we feel should be done with the Yucca

0021

1 Mountain. I myself you know and speaking on behalf of
2 me as a Chemehuevi Southern Paiute person, I really
3 don't appreciate the way the Department of Energy has
4 treated us in the past and the comment that Shoshone
5 made about being heard, you know we're not heard and I
6 would say that I would appreciate also that the United
7 States government would look at us in the way that they
8 look at other countries I guess you would call it --
9 what's that word -- detente and that we should have that
10 kind of respect because we're old cultures. We have
11 been here for thousands and thousands of years and once
12 the water is gone, then you're gone and we're gone.
13 Thank you.
