Subject: Yucca Mountain

Part of Records Package / Supplement / Correction

The people of Nevada don't want nor do we need a dumpsite for nuclear waste in our state. THE STATES THAT MAKE THE WASTE SHOULD DISPOSE OF IT IN THEIR OWN STATE!!!!

Is it right for a few greedy politicians and businesses to make a profit at the expense of the average citizen's health and well being? I think not!

"The love of money is the root of all evil" and "money corrupts" really seems to be appropriate sayings for the group that thinks Yucca Mountain is safe to dump this garbage. How many of these people that are for the nuclear waste dump are living in Nevada? Or better still, how many of them are going to remain in Nevada?

NEVADA DOESN'T NEED OR WANT ANOTHER 3 MILE ISLAND!

Sincerely,
