Mr. Abram,

Sorry if I spelled your name wrong. I am at the public hearing here in Las Vegas, NV. I am here because I am apposed to having Yucca Mountain as a waste disposal for High-level waste. One accident on the road can wipe out our whole community. You have no clue how bad the drivers are out here. I've worked hard to buy my home and I am not thrilled at all that I may loose it because of contamination. If the pallets are that safe then let them stay in the community that produced the waste. Surely they can find a track of land that the can contaminate in their own state. I beg of you, listen to what the citizens of NV are saying. We do not want the waste dump.
