<input checked="" type="checkbox"/> If you want to be on our mailing list to receive other Yucca Mountain Project-related information, check here.			

**Comments:** (If possible, please reference section and/or page number in document if applicable.)

A Repository should be equipped for deposit  
and access for the purpose of refinement of  
the "material" as well as the storage to work  
towards it's complete and speedy deletion.

(QUESTION?)

Will this site be accessible to clean  
this stored material and monitor it  
OR A "DEAD" BURIAL GROUND UNKEPT?

THE UNITED STATES OF AMERICA IS A COMMUNITY OF  
WHOLENESS; AS TO SAY EACH NEIGHBORING STATE IS  
WHERE OUR CHILDREN AND RELATIVES LIVE ALSO.

SO WE MUST ADDRESS THIS ISSUE NATIONWIDE IN  
A SENSIBLE AND EFFICIENT MANNER.

IT, IN WHOLE IS OUR PROBLEM, SO LET'S ADDRESS  
IT TOGETHER, INSTEAD OF BURDENING ONE SECTOR OF  
OUR SOCIETY; BY USING OUR HIGH PROFILED TECHNOLOGY  
WE CAN ADDRESS, AND SOLVE THIS PROBLEM, AS WE  
HAVE SOLVED ALL OTHERS.

NUCLEAR RADIATION FALLOUT, CAN BE DELETED BY FORMULA !!!

Please note: For your comment(s) to be considered by the Secretary of Energy before a decision is made whether to recommend the site to the President, your comment(s) need to be received by the U.S. Department of Energy by September 20, 2001. To the extent practicable, the Department will consider comments received after September 20, 2001.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible, then secure with tape.
