Comments: (If possible, please reference section and/or page number in document if applicable.)

I think the people in Nevada are very very stupid
 This state was chosen because it is least populated and most
 barren. The people in Nevada need to realize that
 you do not put nuclear waste in corn fields or near farms
 they must understand if an accident happens it is
 best to happen here where the least effect could happen
 And I think the Nevada elected officials should
 stay out of it.

Thank You
 John J. Sobrio

Please note: For your comment(s) to be considered by the Secretary of Energy before a decision is made whether to recommend the site to the President, your comment(s) need to be received by the U.S. Department of Energy by September 20, 2001. To the extent practicable, the Department will consider comments received after September 20, 2001.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible, then secure with tape.
