**Comments:** (If possible, please reference section and/or page number in document if applicable.)

*It is bad science to transport waste to, & store, at Yucca.*

*NIH recommends on site, above ground storage.*

Please note: For your comment(s) to be considered by the Secretary of Energy before a decision is made whether to recommend the site to the President, your comment(s) need to be received by the U.S. Department of Energy by September 20, 2001. To the extent practicable, the Department will consider comments received after September 20, 2001.
