10 My statement is that I am opposed to them to
11 the use of Yucca Mountain. I just want to say that I'm
12 opposed to nuclear waste being stored at Yucca Mountain
13 facility. I'm opposed to it coming through our county.
14 I'm opposed to it. On behalf of my child, my son, and
15 the future of our area, Nevada, I just want to state
16 for the record that I am, as a citizen of Las Vegas,
17 opposed to the use of that facility for that purpose.
