What about our water level + contaminating the water we drink??

Transporting across country too dangerous. Too many accidents on rail + truck. Why pick on Nevada only? We are people too.

You are all a bunch of smart scientists. You are very capable of finding better + safer ways for storing these dangerous things.

Why have you not considered other areas - only Nevada

Please note: For your comment(s) to be considered by the Secretary of Energy before a decision is made whether to recommend the site to the President, your comment(s) need to be received by the U.S. Department of Energy by September 20, 2001. To the extent practicable, the Department will consider comments received after September 20, 2001.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible, then secure with tape.
