Subject: Yucca Mountain Suitability

Part of Records Package / Supplement / Correction

To: Secretary Spencer Abraham/Carol Hanlon

Its time to get on with a repository for our radioactive waste. Yucca Mountain has been studied for years and has been evaluated as a very suitable site for storing our radioactive waste. We should not be leaving this waste spread across our nation. Please urge President Bush to approve Yucca Mountain as a suitable site for a permanent repository.

Sincerely,

Dr. Terrance A. Rieck
Ph.D. Nuclear Engineering
