Subject: Please approve Yucca Mountain

Part of Records Package / Supplement / Correction

My family and I live 12 miles from a nuclear power plant. Storage of spent fuel above ground is unacceptable to us. While there may well be issues left to address it is imperative that we open Yucca Mountain now for interim storage. If it is deemed to not be suitable for long term storage then address that later, but for now to allow above ground storage near major population centers is unconscionable. Thank you for your consideration of this matter.
