1 MR. McTEE: My name is Rudy McTee, R-u-d-y  
2 M-c-T-e-e. I would like to see the process go forward. I  
3 believe Nevada is the spot that this repository ought to  
4 be.

5 I think Nevada ought to be funded for it, and a  
6 potential use of the funds would be our schools in Nevada,  
7 in specific, engineering, to watch this site forever and  
8 to take care of it forever.

9 MR. WARD: Is that it, sir?

10 MR. McTEE: That's about all I've got.
