10 MR. MC WILLIAMS: Earl McWilliams, and my
11 statement doesn't concern Yucca Mountain, although I am
12 against it, but what I protest is the transfer site in a
13 populated area, Caliente, and that's -- I don't see --
14 they already spent, what, 58 billion dollars over there?

15 MR. LUPTON: No, sir.

16 MR. MC WILLIAMS: Another billion dollars to
17 build a railroad over there to bypass the towns, even if
18 it went through here. You know, that stuff goes through
19 all the time. I'm not naive about that, but that's what
20 I have to say about it now.

21 I think it would hurt the reputation of the
22 town, hurt the image of the town.
