Subject: RE: Nuclear Waste Disposal at Yucca Mountain

Part of Records Package / Supplement / Correction

- C.htm

1

552475

I do not want the Yucca Mountain Nuclear Waste Proposal to be approved in Nevada. Instead of trucking this poison through or by our cities and storing it in a mountain cave why don't you look into the idea of cleaning it up, once and for all. That way we wouldn't have to deal with nuclear waste. I realize we need the power the Nuclear Plants give us, but that risk is enough. Don't bring that poison into our State. Especially to a mountain cave that has the potential for Earth Shifts, and Moisture. I'm not a scientist, but I'm aware enough to know of the danger. I am a registered voter in Las Vegas, Nevada, and as my voice in Government I want you to vote against this project.

Thank you for honoring this request.

Susan L. Surface
