Subject: No nuclear waste in Yucca Mountain

Part of Records Package / Supplement / Correction

RECEIVED

Dear Carol Hanlon:

OCT 19 2001

Attn: M/S #025

I am strongly opposed to the possible utilization of the Yucca Mountain site for disposal/storage of nuclear waste.

There is no Final Environmental Impact Statement, no detailed transportation scenario, no finalized Siting Guidelines, nor clear licensing rules.

Large numbers of public comments have raised serious questions which have not been answered.

I urge that this project be shelved until all these matters are addressed to public satisfaction.

Sincerely,

Tasleem J. Padamsee-Garrett
