Public Inquiry

October 19, 2001 19:22:13

IP address: 208.34.219.177
Name: Cherylayne Erdley
E-mail: erdleyc@aol.com
Comments: To Whom It May Concern,

I want it noted on public record that I strongly oppose this project.

I live in Las Vegas and completely understand that moving forward with this project is not only harmful and insensitive to human life, but will vastly inhibit the tourism industry of Las Vegas and surrounding areas. Knowing tourism is the mainstay of Nevada, who could even ponder, much less institute such a ridiculous conclusion as developing this project within such close proximity to Las Vegas. Where is your logic?

In addition, I find it hard to believe that reasonable and responsible people would move forward to create such a deadly hazard, unless of course, it was in their personal interest/pocketbook to do so.

As citizens of these United States, you had better believe, we will stand together legally, and otherwise, to investigate and vote down ANYONE who dares accommodate any part of this action, in the name of our children, who would unfortunately bear the consequences of this unspeakable and insensitive project.

1

As a response and for the record, I would like to have in writing, your personal guarantee that you would encourage your friends, relatives, or better yet, yourself, to live and work within the nearest city adjacent to Yucca Mountain.
