Title: Nevada Division of Water Resources Water Rights Database- Derived Data Sets – Caliente Rail Alignment

Author: Nevada Division of Water Resources

Date Created: May 30, 2007 - November 14, 2007

QA Level: NA

File listing: Adobe Acrobat® Files

Metadata: The data consist of the following:

1. Water rights data for hydrographic areas crossed by the proposed Caliente rail alignment – Data obtained on 05/30/2007 using the on-line NDWR Water Rights Database Website Query Tool. The water rights data were filtered to remove water rights data for certain water rights status categories as described below in Note 1.

2. Water rights data for hydrographic area 205 – Data obtained on 09/11/2007 using the on-line NDWR Water Rights Database Website Query Tool. The water rights data were filtered to remove water rights data for those water rights status categories as described below in Note 1.

3. Water rights data for hydrographic areas 147, 148, 157, and 230 which are located within 9.7 kilometers (6 miles) of the centerlines of the proposed Mina alignment segments or within 6 miles of proposed new well locations tentatively identified as targeting a potential fault-associated groundwater zone – Data obtained on 11/14/2007 using the on-line NDWR Water Rights Database Website Query Tool. The water rights data were filtered to remove water rights data for certain water rights status categories as described below in Note 1.

Note 1: If the water rights status for an on-line NDWR water rights location met any of the following conditions, that water rights location was removed from this data set: ABN Abandoned, ABR Abrogated, CAN Cancelled, DEN Denied, EXP Expired, FOR Forfeited, REL Relinquished, RVK Revoked, SUP Superceded, WDR Withdrawn, REJ Rejected.
