COMMENTS:

I have tried to learn all I could about Yucca Mt. waste dump, I have taken the tour even. My concern is in the transporting of the waste - I am satisfied that it is safe. My question concerning Caliente is... After the Railroad is built (considering you have worked with ranchers & land owners & compromised with their satisfaction) what will there be in Caliente? Will we have any permanent type of growth so our children may live & work here, rather than leaving for jobs? We don't want to be another "Vegas", but some good permanent growth & tax base would be great!

Thank you
