Comment Text :

1 [---> I am very much opposed to a nuclear depository at Yucca Mountain both because of the unfitness of that place for the tens of thousands of years required to keep it absolutely safe (an impossibility) because of the dangers in transporting the waste, because it is on grounds sacred to the Native Americans to name just a few reasons.

I have been opposing this repository since its beginning. I have read and studied about it all these years. I still oppose it.]
